RESOURCE SOLUTIONS CORP.

ENVIRONMENTAL POLICY

Resource Solutions Corp. is committed to continually ...

- **Obey** and comply with local, national, and international environmental laws and other environmental requirements that pertain to our operations;
- **Prevent** pollution by elimination and reduction of waste, and recycling as much as is possible and practical;
- **Improve** and monitor our environmental action programs, accomplishments, and our Environmental Management System by clearly defining and reviewing our environmental targets and objectives.

This policy will be posted throughout each of our defined facilities, as well as communicated to all employees and to any contractors who could have an impact on our EMS. We will also make the policy available to members of the public, if they request it, and we will post our policy on our website.
